Helping make wishes come true

Thank You

Linx Cargo Care Group

Thank you to all of our wonderful teams who recently participated in a fundraiser for World Wish Day. It was fantastic to see you all enjoying the dress ups, BBQs and bake sales to raise money to help make amazing wishes like Ava's and many more come true.

"Ava, 5, knew exactly what she wanted to wish for - a cubby house! From the two slides, butterflies and rainbow colours, Make-A-Wish Australia delivered exactly what Ava had imagined. Thanks to partners like you we are able to make wishes like Ava's come true!" - Make-A-wish-Australia.

We have started working on our next campaign to support Make-A-Wish Australia and will share this exciting news with you in the coming months.

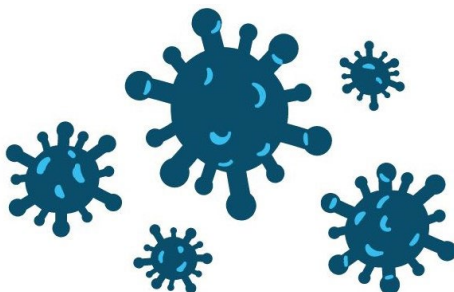

HOME SAFELY, EVERY DAY

SAFETY

Your free flu shot

With the flu season upon us, this is a timely reminder about the free flu shot available to you. You will have heard by now if your site will have a nurse attending to administer the shots or if you will be receiving vouchers instead.

How to obtain your voucher

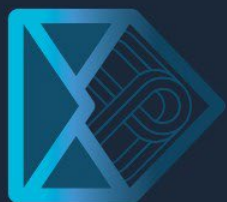

If you are not able to attend your site on your allocated day or if you have been told to use a voucher, visit the WHA online portal via the QR code below. Your voucher will allow you to attend one of more than 2,100 partnering pharmacies across Australia.

Further information

For further information please go to [Pipeline](#) or contact your local HSE Business Partner.

Please first ensure your photo adheres to the Group's safety protocols and guidelines.

If you would like to contribute a photo of your site for consideration, please send to chainmail@linxcc.com.au or post your image on **Yammer**.

Enfield delivers impressive improvements

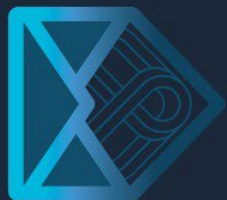

Our Values of Be Brave, Be Bold, Act Like You Own It and Powered By People have all been on display with our Enfield operation reaping the rewards following a wide-ranging project focused on helping it to further realise its operational and commercial potential.

Through extensive collaboration between the project team featuring members from across divisions and Enfield leaders, the commercial, terminal and rail operations were examined. The open and honest work of the entire team identified ways forward that delivered improvements and results including:

- Improved data capture to better inform and guide the operation and its dealings with customers
- Clearer and more succinct processes for our people
- Improved revenue from storage and all associated services
- Sharp increase in lift events (and revenue capture)

Well done to the teams involved.
